FOR IMMEDIATE RELEASE
December 15th, 2021

MARQUETTE - Sawyer International Airport, County of Marquette, is pleased to announce the continued partnership with MedNext and HONU Management Group for COVID 19 testing, and now COVID 19 vaccinations. Testing and vaccinations are limited strictly to ticketed passengers or airport credentialed tenants. Vaccinations will begin Thursday, December 16th, 2021.

Sawyer International Airport

Ticketed Passengers / Airport Credentialed Tenants

Days of Operation:

Vaccinations: Mondays, Thursdays, and Fridays 9:00 a.m.- 4:00 p.m.

Testing: Tuesdays and Wednesdays 9:00 a.m. – 4:00 p.m.

Appointment or Walk-Ins Welcome

Given the uptick in COVID 19 numbers and the increased volume of testing by non-traveling public at the airport, MedNext and HONU Management Group has opened a second testing site in Marquette, MI, for the general public. This site will be open seven days a week, beginning Monday, October 11th.

Westwood Mall

General Public

Days of Operation:

Monday – Saturday, 1:00 p.m. – 7:00 p.m.

Sunday, 11:00 a.m. – 5:00 p.m.

Both sites offer the rapid test, providing results within 30 minutes. PCR lab tests are also available with results usually within three days.

The testing and vaccination services at both locations are free of charge. Insurance is accepted but not required. Children under 18 need parental consent.

Visit <http://www.solvehealth.com/> to register for an appointment at Sawyer International Airport or <https://honumg.info/Westwood> for the Westwood Mall location. You may also register using the QR code or call 866-809-8282 to find testing facilities throughout the State or have questions regarding the status of your results.
